Death Today

Dorcey N. Kline
Is Fatally Injured,
Just After Midnight

City and county authorities are seeking the identity today of a hit-run driver who struck and fatally injured Dorcey N. Kline, aged 47 years, of 349 Neshannock avenue, on East Washington street, at the intersection of Vogan avenue at 12:30 o'clock this morning.

Mr. Kline was found to be dead on arrival at the New Castle hospital, where he was taken in an ambulance. He had suffered multiple fractures of the skull, and a compound fracture of both bones of the right leg, just above the ankle.

First people on the scene were Mr. and Mrs. Roy Mumford, of 856 Vogan avenue, who were attracted by the squeal of brakes. Mr. Mumford stated that he found Mr. Kline's body about four feet from the curb in the carway on East Washington street, near the southeast corner of the intersection.

Few Meager Clues

Only a few meager clues have been received to the identity of the driver of the car, which struck Mr. Kline. Melvin Weingartner, of R.D. 1, Ellwood City road, stated that he was travelling west on East Washington street, when he noticed a car, running without lights, passing him, just beyond the scene of the collision. He believed the car to be a 1937 or 1938 Dodge. A hub cap was found on Vogan street and turned over to the police.

Officers Tewell and Leone were dispatched to the scene when police received a call about the collision at 12:30 a.m. They found skid marks, which measured around fifteen feet, made by a car traveling east, in front of 1733 East Washington street.

Notified Coroner

They in turn notified Coroner Charles E. Allen, who went to the New Castle hospital, to determine the identity of the victim. His address was not established until this morning, however, through the Shenango Pottery Co., (Continued on Page Two)

PA NEWS OBSERVERS

On Saturday evening, during the Armed Forces Parade and exhibitions by the planes in the air, a mother robin was feeding her young in nest low in a tree in 600 block of East Washington street, near West Avenue. While a few planes were seeking altitude to enable them to make air somersaults, they made a terrific noise which evidently scared mother robin, and she did not return to her brood for some time.

The local district has experienced a longer period of dryness over the past number of days than has been experienced for many months. Cities adjacent to the local area have all had rain since the Lawrence county area has seen any. The weather has been a big help to the farmers in getting in their crops.

Slightly rushing the season were two boys seen swimming in the Neshannock river at the East Washington street bridge Saturday afternoon. Judging by their yell, Pa News believes the water must have been cold.

Formation of approximately 20 planes went over the city early Saturday afternoon flying southward. Apparently the planes were (Continued on Page Two)

Gen. Omar Bradley Again Before Senate Probers

(BULLETIN)

WASHINGTON, May 21.—General Omar R. Bradley testified today he and other advisors cautioned President Truman to go slow on deciding whether to fire General MacArthur and to consult with "other government leaders" first.

By JAMES LEE
(I. N. S. Staff Correspondent)

WASHINGTON, May 21.—Gen. Omar Bradley returned to the witness stand today in the Senate investigation of Gen. MacArthur's dismissal amid indications of a new row over how much "confidential" information he would reveal.

Sen. Wiley (R) Wis., said he planned to press for an immediate decision on his latest attempt to draw testimony from the chairman of the joint chiefs of staff on private talks with President Truman before MacArthur was ousted.

Excused Last Tuesday

The joint armed services foreign relations committee excused Bradley from the stand last Tuesday when after a bitter wrangle upheld by an 18-8 vote his right to withhold testimony affecting his confidential relationship with the president.

Sen. Wiley (R) Wis., said he wanted to press for an immediate decision on his latest attempt to draw testimony from the chairman of the joint chiefs of staff on private talks with President Truman before MacArthur was ousted.

Should administration forces fail to revive within a reasonable length of time the pigeonholed income tax, approved by the House after a long wrangle, it will force a complete downward revision of financial allocations for the 1951-53 biennium because the consensus is that a substitute levy also would fail to win approval.

No Substitute Proposed

The 11 Republicans who teamed up in caucus to spike the one half of one per cent income tax have not proposed a substitute but rather have upped the estimates of revenue for the biennium opening June 1 and trimmed other suggested cash allocations to meet need defined by Governor Fine.

Administration leaders, including the governor, hold firm to the (Continued on Page Two)

Judge Brahman Makes Address

Presents New Ideas On Administering Public Assistance

(Special to The News)

STATE COLLEGE, Pa., May 21.—Present methods of administering public assistance in Pennsylvania are promoting separating and divorce, Judge W. Walter Brahman told the Pennsylvania Society of Newspaper Editors here Saturday.

Judge Brahman spoke at the annual press conference of the society and offered several suggestions he believes would strengthen the relief system. He would require some part of relief money to be raised by local taxation in order to bring home to the taxpayer the mounting costs of relief.

Integrate the Department of Public Assistance in each county with the institution district of the county. Give reasonable publicity to matters of relief. Place a maximum on relief grants, not too close to the level of current wages. Require work of relief recipients. Give the courts power to determine the amount of relief grants in desertion and non-support orders.

Rectitude A Required

Judge Brahman told the reporters that he believed it wrong for the public to be forced to support what (Continued on Page Two)

Armed Forces Parade Viewed By Huge Crowd

Armed Forces Day Has Fitting Close Saturday Evening

As a fitting climax to the observance of Armed Forces Day, a street parade, featuring various arms of the service, was held Saturday evening, which was viewed by a huge crowd of spectators, who lined the streets of the downtown district over which the parade moved.

The marchers, while not unusually large in numbers, marched with a spirit fitting the occasion.

Korean Vet Marshal

Heading the parade as chief marshal was Edward Sealoff, a veteran of the Korean campaign, whose aides were Edward A. DeCarbo, parade chairman, and Don Crowl, with city and county officials at the head.

Perhaps the largest organization in the parade were the men of the U. S. Army Organized Reserve, with their variety of division insignia, from the many divisions which served in World War II. They formed the first division, headed by the crack Second Army band, which was sent here to aid with the observance.

During the evening, as the parade formed and started its march, a number of planes swooped over the city, with one stunt flyer attracting considerable attention.

Bands Add Color

Adding to the color of the parade were the many bands and floats, including in addition to the Second Army band the champion Perry S. Gaston Post, American Legion band, Senior High band, Scotch Kilts band from Grove City, Croton school band, Mt. Jackson high school, Besse-

Prisoners Riot For Five Hours In Utah Prison

MIDVALE, Utah, May 21.—(INS)—Rioting convicts at the Utah State prison were herded back into cells last night after a five-hour reign of terror in which they held four guards prisoner, raided the narcotics supply and destroyed narcotics valued at \$100,000.

The entire population of the main building, which included 260 inmates, participated in the rebellion and gained control of the interior with freedom to roam four buildings.

Warden A. O. Severson brought the uprising to an end by promising a prisoners' committee—comprised of five burglars and a robber—that he would investigate their charges against four prison officials.

During the course of the five-hour riot, the prisoners broke into the hospital, looted the narcotics supply, tossed a \$25,000 X-ray machine down a stairway, smashed furniture and broke windows.

The killer fired one shot at the arresting officers before he was slain by agent William Blair.

All of the bodies except that of the infant were recovered before dark.

Four Are Killed; Three Injured In Auto Collision

BEDFORD, Pa., May 21.—(INS)—An automobile collision caused the death of four persons and injured three others less than two miles east of Bedford during the week end.

State police listed the dead as: Jacob Morris, 65, Manns Choice, driver of one auto; Mrs. David Northcraft, 60, Caneyville; Barbara Mowry, 16, Bedford, and Jane Weaver, 15, Bedford.

Donald Conover, 18, Everett, a grandson of Morris, was the driver of the other car. He suffered internal injuries and face cuts and was taken to Timmins hospital along with Donald E. Morris, 18, and Diane Louise Messiner, 14, Bedford, who were in fair condition.

Young Morris suffered head cuts and a concussion. Miss Messiner had a broken leg and head injuries.

BIGGEST ENEMY OFFENSIVE IN KOREA BLASTED

Reds Falling Back Along Virtually Entire Korean Front

By HOWARD HANDLEMAN

(Far Eastern Director, I. N. S.)

TOKYO, May 21.—The Korean War's biggest Red offensive was thrown into reverse today, with decimated enemy forces in headlong retreat along virtually the entire front and abandoning a menacing bridgehead northeast of Seoul.

Counter-driving Allied columns raced as far as 22 miles northwest of Seoul and drove ahead elsewhere on the heels of the invaders, pushing back from the worst debacle yet inflicted upon them.

Lt. Gen. Edward M. Almond, commander of the 10th Corps in the east-central sector where the enemy unleashed the principal blow, declared Monday night that his forces alone killed or wounded 48,341 Reds in five days. He said: "We have taken the starch out of what is in front of us. I feel certain that if they come at us in greater numbers we can handle them again."

Reports 125,000 Made Attack

Almond said 125,000 Chinese troops struck in his sector last Wednesday in what he called the Korean War's mightiest single assault.

"The Chinese," he declared, "made a great bid to destroy the U. S. Second Division with this offensive. Well, we had comparatively few casualties and the Second is still in good shape."

He credited the terrific fire power of his infantry and artillery and the incessant blows of sup-

Gen. Ridgway Praises Men

(BULLETIN)

WASHINGTON, May 21.—(INS)—Gen. Matthew B. Ridgway today sent a special message to the U. S. joint chiefs highly praising the fighting Second Infantry Divisions, which he said is inflicting losses twenty times its own.

The Far Eastern commander said he had visited all fronts and wished also to praise other U. S. Divisions and the First South Korean Division.

His message said: "Having visited all U. S. Corps, all U. S. Divisions, and the First ROK Division, I wish to cite all these units for superior spirit and conduct in battle."

"I particularly cite the U. S. Army's Second Infantry Division, Maj. Gen. C. L. Ruffner, commanding, which has received the principal blow of the hostile main effort."

"It has inflicted losses, which conservatively estimated, exceed, I believe, twenty times its own".

U.S. Rejects Soviet Proposal On Japanese Peace Treaty

By JOHN REICHMANN

(I. N. S. Staff Correspondent)

WASHINGTON, May 21.—Final agreement on a Japanese peace treaty, without Russian or Chinese participation, appeared speeded today by the latest United States note to the Kremlin.

The note flatly rejected a Soviet proposal whereby the peace treaty would be drafted by the foreign ministers of the U. S., Britain, the Soviet Union and Red China. France had not been included in the Russian plan for reasons not disclosed.

The U. S. communication, handed Soviet Ambassador Alexander Panyushkin, on Saturday at the State Department responded to a Soviet note of May 7. Its publication was held up until today to allow it to reach Moscow.

Worded with extreme care, the document was obviously aimed at embarrassing Russia's newest proposal. It made the point that the Soviets have agreed substantially on the form of the peace treaty as now drafted.

Had Given Agreement

On all matters of substance, it added, Russia had by previous declarations given agreement to the draft treaty. Only on the disposition of Formosa and the Pescadores.

One unit, which also attracted considerable attention, was the George Junior Republic drill team, which went through a variety of maneuvers while marching.

The committee on awards, which included Bernard J. Hanson, R. Loy Boyd, Jack Gerson, Frank T. Sargent, Joe Brown and Charles Scaglione, today announced the following awards:

Parade Is Climax

The parade climaxed a week of activity designed to acquaint the citizens with the importance and value of our armed forces, including the Army, Navy and Marine Corps, all of which are now under a unified command.

The highlight, in addition to the parade, was the Armed Forces Day luncheon, held Friday in The Castleton, which was addressed by Brigadier Gen. Frederick Dent, USAF.

Attorney Walter Kieler was project officer for the local district, and the committee which had charge of the organization, was headed by Crawford Lyon and Carbis A. Walker as co-chairmen.

dores Islands, it said, are their only real differences of opinion.

Even there, it recalled, Russia had agreed that these areas, along with Manchuria, where Russia now holds special railroad and port rights should be turned over to the Republic of China, the Nationalist government of Chiang Kai-Shek who was then in power.

The note added:

"...the U. S. now inquires of the government of the Soviet Union whether it in fact now desires that Manchuria, Formosa and Pescadores should be restored to 'the Republic of China'."

Answering the Russian demands for a four power foreign ministers meeting on the peace treaty, the note asserts that one reason for avoiding this procedure is the "systematic misuse of the veto" in the foreign ministers council.

UHALIE-MATRICARDI COLORFUL CEREMONY

Miss Irene Uhalie, daughter of Mr. and Mrs. Michael Uhalie, 1013 Federal street, Farrell, wore an exquisite gown of imported French Alencon lace over taffeta for her marriage Saturday afternoon, May 19, at 3 o'clock to Louis R. Matricardi, Albert street extension.

The colorful and impressive rite was solemnized in St. Michael's Greek Catholic church by Rev. Fr. A. A. Petrick, the altar being festively arranged for the occasion with bouquets of white gladioli and snapdragons, and ferns. Music for the double ring ceremony was furnished by Mrs. Rosella Kissel of Farrell.

The bride was given in marriage by her father. The bodice of her gown was styled with a Queen Anne collar and long pointed sleeves, and the full skirt was fashioned entrain. A hip-length veil of imported bridal illusion was fastened to a Juliet cap of French Alencon lace. The bridal flowers consisted of a cascade arrangement of lilies of the valley, stephanotis and ferns.

The maid of honor, Miss Frances Sopkovich of Youngstown, O., was lovely in white lace gown, the bodice of which featured an illusion neckline and long, tapering sleeves. The skirt was very full, and a fingertip veil fastened to a Juliet cap trimmed with seed pearls accentuated the charming costume. The bride's flowers consisted of a hand bouquet of stephanotis, with a white orchid center. She was escorted to the altar and given in marriage by the father.

The bridesmaids, Miss Doris Dovidio of New Castle and Miss Dorothy Palko of Farrell, were in gowns of green starched chiffon, accented with long white gloves and a cascade arrangement of tinted green carnations and matching headpieces of yellow carnations.

The groom, who is the son of Mr. and Mrs. Guy Matricardi, Albert street extension, was attended by Arnold Giancola, best man, and ushers, Jack Frazer and Stephen Uhalie, the latter of New Castle.

ALL OVER BUT ACHESON

Remaining testimony before the Senate Armed Services and Foreign Relations committees by Pentagon brass bearing on the discharge of General MacArthur will be mostly surplage. Secretary Marshall and General Bradley have thoroughly established the administration line.

There may be some elaboration, much repetition, but there is likely to be no deviation from the broad outline established by Marshall, unless the president spills the beans.

But the impact of MacArthur's testimony has already resulted in some changes. He has forced the administration into pledges that Formosa will be protected, Chiang aided and that Red China will not be admitted into the United Nations. If official utterances can be believed, the Far East will not be scuttled, with all the American blood and sacrifice in vain.

Further testimony, as has been said, will be largely surplage. Except for that of one man—Secretary of State Dean Acheson. He's the man many Senate questioners want to get in the witness chair.

CITIZEN MacARTHUR

For the first time in 11 years his fellow countrymen are seeing General Douglas MacArthur garbed in civilian clothes, and the famous soldier has lost nothing in appearance as a result of the change.

Seen at a baseball game in New York he was wearing a gray double-breasted suit, white shirt and bluish-gray necktie, black shoes, and a gray homburg hat—the sort of raiment worn by millions of well-dressed American men.

Many retired generals and admirals suffer in personal appearance when they discard their uniforms for civilian garb. Not so General MacArthur. The impressive MacArthur profile, the straight-backed bearing of the man in spite of his 71 years, combined to make him as imposing as he has always appeared in uniform.

ANTI-INFLATION TALK

Predicting stern measures to counteract a predicted new inflation flood, Eric Johnson, economic stabilizer, seems to have in mind price-wage controls. But already numerous price hikes have been permitted, sometimes to the point where the consumer balks and the increases have not been put into effect.

On the wage stabilization front, a newly organized board is preparing to become a wage-hiking board. The government's own formula allows pay boosts up to 10 per cent above the level of a year ago. The administration is also moving to put across a sizable hike for employees of the federal government.

All this is the opposite of sternness. Government spokesmen are in the position of talking anti-inflation and acting otherwise.

Some members of Congress have an anti-inflation project on tap. They would reduce government spending on non-defense programs by many billions. Until steps are taken along that line, the American people might as well continue to yawn when they hear government anti-inflation talk.

AMERICAN SHRINES

In relation to school or other activities most communities send groups of students on tours of historical places within reach of the budget.

Trips to Washington or points nearer home are common and they can, properly conducted, be as valuable to the students who take them as long hours spent in classroom study.

The sort of learning that students get on a trip to one of our national shrines is likely to linger with them after many things learned from the textbooks are forgotten.

A trip to Washington, for example, enables them to see that the government exists as a real thing and not just as a force which operates automatically. The chance to see the buildings of state, and to sense that the men who help build this nation into the greatest in the world worked in them, is a valuable thing in itself.

The very fact that people who make a trip to Washington see that those who make the laws and administer them are men and women who look and act just like men and women in their home towns can teach the youngsters that officials are prey to the same mistakes and weaknesses as other humans.

Just a visit to any of the historic places throughout our country, the fields of Gettysburg or the Alamo, the top of Bunker Hill or the site of an Indian treaty, is a reminder that courage and determination in the past have paid off in the freedoms we still enjoy.

The practice of taking students to see the places where Americans achieved greatness may help them to understand and appreciate the historic figures. Such trips can be the most important part of a students' education.

Morrison's Visit To Germany

The scene of British preoccupation in Europe took a sudden switch today with the visit to Germany by Foreign Secretary Herbert Morrison at a moment when the crisis in Iran seemed to be reducing all other matters to secondary positions.

According to official British sources, Morrison's trip is prompted mainly by two factors. One is the possibility of a Nazi revival.

The other is to determine, insofar as possible at the present time, the extent to which western Germany will contribute to European defense.

The London Daily Herald, official organ of the British Socialist party and thus the spokesman for Prime Minister Attlee's labor regime, said editorially:

Signs of Nazi Revival

"This visit is wise. The recent signs of Nazi revival in Germany have caused much uneasiness. Mr. Morrison's journey is a valuable gesture of our sympathy with the German democratic leaders and of our desire to understand their problems."

But the question of German armed contribution to defense is emphasized equally in British official quarters.

Supreme Defense Commander Gen. Dwight D. Eisenhower recently concluded a tour of U. S. military installations in Germany during which he had an opportunity to study the will and ability of German youth to contribute its strength to rearmament.

His conclusions have not been made entirely public.

The impression remains in well-informed European circles that the rank and file of people—young and old—in western Germany are not too enthusiastic about going back into uniform and accepting fresh hardships of a new war economy.

Yet they appear to be willing to accept the responsibility, but only on the terms of complete equality with the other self-defending nations of Europe.

One Aspect In Particular

And it is in this aspect of the situation that Morrison has a profound and quite understandable interest.

The British government has taken most seriously the fact that the so-called Socialist Reichspartei piled up an amazing total of votes in British-controlled lower Saxony in the last elections.

This is a group that openly advocates Nazi principles.

Its leaders, virtually unknown to the world at large, harp consistently on the argument that what Germany needs and always has needed is a hard-fisted ruler, and until the allied high commissioners gave the signal for action against it, maintained a "palace guard" of storm-troopers complete to the last badge and jack-boot.

Morrison, an expert in town and country planning and an accepted master of administrative jobs, is still feeling his way along in international affairs.

He has been confronted with one crisis after another in his brief tenure since the death of Ernest Bevin, his predecessor.

There is the terribly difficult issue of oil in Iran.

There is the ever-present danger of bloody new hostilities in the Palestine areas where Israeli troops and Syrian forces stand separated only by a makeshift and fragile truce that hardly rates the designation of armistice that has been officially accorded it.

And now there is the matter of

YOUTH AND AGE

Sometimes young people do not realize that when they honor old people for their attainments they are helping youth too.

When a young man sees an old man receiving deserved honors, he is encouraged to do his best. He feels that when he is old he too will be remembered and honored for good work done.

Any nation which does not honor and respect its worthy old people will soon not have any worthy old people.

A proper use of food, work and rest helps to keep old people in good condition.

Uselessness is no good for either old or young.

It is a pretty good combination for the old to encourage and inspire the young to do good work and for the young to honor the old for good work done.

Try And Stop Me

BY BENNETT CERF

Written memorandum to tell why the Joint Chiefs of Staff—all three of them—agreed on the necessity for MacArthur's dismissal. This was the heart of the matter as far as his testimony was concerned.

There was something almost comic in the way in which certain Republicans tried to prevent him from getting his statement on the record. Senator Owen Brewster of Maine, the newest member of the group, hastily moved to adjourn.

Three reasons were set forth in the Bradley memorandum, according to committee members who saw it informally after the session had been adjourned. These were:

(1) MacArthur had violated the chain of command in going over the heads of the JCS to the public; (2) MacArthur was not in sympathy with the directives to end the war in Korea and as a consequence he might be responsible for grave errors in interpreting the directives given him in line with that strategy; (3) civilian control over the military is one of the basic principles of the executive department and MacArthur indicated he was defying that control.

May Never Read Memorandum

Bradley may never get a chance to read his memorandum into the record of the hearing. The Republicans could go so far as to boycott the investigation from here on with the charge that they have been unable to get the facts. This will mean, in substance, the facts to fit their case making. MacArthur entirely right in every respect and the administration entirely wrong. They would have a hard time doing this if it is clearly shown that the three heads of the armed services—all of them honest.

One Man's Opinion

By Walter Kiernan

The senate gambling investigation turned out about as expected. The house figured a take 10 per cent of kitty.

This does not make gambling legal, but it sure makes the position of congress on public morals more interesting.

They've got another idea for an "occupational" tax of \$50. This special bargain offer limited to books and lottery operators.

The idea, obviously, is "crime does not pay, but it will under the next tax bill."

All these revenue measures are needed to help arm what are described as the "free nations." In this case "free" as in "don't be a dope; take it; it's free!"

Estimates on how long we will pay super-taxes vary. Some say "two years," same say "As long as we last"; some say "two years which is about as long as we could last."

But as we understand it "it's all for a good cause" and later we will find out what it is.

They Say

WASHINGTON—President Truman: "Think, think, think of the atomic bomb—of the terrible responsibility your president faces, and help him."

LOS ANGELES—Gen. Omar N. Bradley: "The United States must invest in long-range security at the same time it provides for immediate preparedness."

WASHINGTON—Defense Secretary George Marshall: "The lights are going up again all over the free world and they are growing brighter day by day."

GLASGOW—Winston Churchill: "The presence of General Eisenhower in Europe is a living pledge and symbol of the resolve of the American nation to use its measureless resources and rapidly growing fleets and armies for the defense of civilization."

South America may have a new underground movement: the city of Lima, Peru, is planning to build a subway.

UNCLE JOE'S PIPE

Washington Calling

(By MARQUIS CHILDS)

Senate Probe May Come To Halt

WASHINGTON, May 21.—It is entirely possible that the Senate investigation into General MacArthur's dismissal will come to a full stop amid angry cries of partisanship and politics. The real nature of the inquiry has become painfully evident in the course of the wrangle over whether confidential conversations with the President should be reported to a Senate committee by the President's chief military adviser.

General Omar Bradley, chairman of the Joint Chiefs of Staff, is unhappy caught between the lines, raked by fire from opposing factions. And because he has chosen to fulfill his duty as he sees it under the constitution, he is being attacked and smeared in a way that shames the attackers.

Prior to his refusal to give the details of a confidential conversation with his commander-in-chief—so designated by the constitution—it had not occurred to Bradley to consult with the President about his course of action before the Senate interrogators. He had no doubt but that such a confidence, under every American principle and precedent, was privileged unless the President should choose to divulge it.

Bradley was prepared with a written memorandum to tell why the Joint Chiefs of Staff—all three of them—agreed on the necessity for MacArthur's dismissal. The realists among them agreed on the necessity for MacArthur's dismissal. The hero-worshippers of General MacArthur should realize that tactics like this are bound to backfire. They will produce exactly the opposite political effect that seems to be desired.

Yet this matter of discrimination raises a significant point. As Bradley pointed out, MacArthur declined to give the committee details of his conversation with the President at Wake Island. Twice Senator Leverett Saltonstall of Massachusetts, a Republican, said, "I respect that. No member of the committee uttered any challenge. Yet Bradley is set upon taking the same position.

During his whole time on the Bradley memorandum, according to Bradley, he was accorded a respect amounting to veneration. In striking contrast, other loyal soldiers equally devoted to the country—Bradley and Secretary of Defense George C. Marshall—had been treated frequently with such scant courtesy as to constitute almost a direct slur. This was particularly true of Wiley's questioning of Marshall. The hero-worshippers of General MacArthur should realize that tactics like this are bound to backfire. They will produce exactly the opposite political effect that seems to be desired.

Two Are Held On Driving Charges

Russell Shamer and William Sams, both of R.D. 7, were charged by police with driving a motor car while intoxicated, and Sams faces the additional charge of violating the firearms act, a revolver and a box of cartridges having been found in his auto at 12:20 a.m. today. Information against the men were sworn to before Alderman J. C. Kennedy.

Their arrest resulted from a car driven by Shamer striking the car driven by Lloyd J. Kerr, R.D. 6, at the end of Highland avenue, according to police. The auto Shamer drove then struck a telephone pole. Later, Sams, the owner of the car, took the wheel, drove out the Plank road, where it was ditched, police say.

Policemen Tewell and Russo made the arrest and Constable Altman of Neshannock township found the weapon in the auto.

Three Cars Damaged; One Driver Is Held

William Holmes, Slippery Rock, R.D. 3, was arrested by Policemen Occibone and DeLeone at 11:40 p.m. May 19 on Croton avenue and information charging him with driving a car while intoxicated was sworn to before Alderman J. C. Kennedy.

Holmes' auto is reported by police to have struck the parked car of John Staley, North Mercer street, in front of 504 Croton avenue. The impact forced his car against the car of James B. Cook, Randolph street. All three cars were damaged.

Seek Reopening Of Closed Section Of Hospital At Butler

HARRISBURG, May 21—(INS) The Pennsylvania Joint Veteran's Council today appealed to President Truman to reopen a section of the Butler Veterans Hospital closed to tubercular veterans.

The Veterans Administration ordered elimination of 335 beds at the institution as an economy measure last winter.

"It is hard for us to understand economy that allows hospital beds to lie idle and unstaffed while thousands of veterans spread tuberculosis throughout Pennsylvania and throughout this nation," wrote JVC President Louis G. Feldmann.

"We submit that we feel it to be false economy if thousands that fought the nation's wars are inadequately taken care of insofar as hospital care is concerned," he said.

Copies of the letter were sent to each member of the Pennsylvania delegation in Congress, Feldmann said.

THE PARENT PROBLEM

(Continued from Page Four)

made a plan and followed it faithfully, can be effectively trained to avoid the street and other known dangers if there were no fence at all. They can do so at less cost in time and effort and money. It's amazing how many parents will make all sorts of financial sacrifices to build a fence and then sublimely suppose they are providing the best possible safety education for their little child.

For a number of years I have in this column been pleading with young parents to construct an invisible fence about their little child, not only for his immediate safety but also for his later safety and foundation for good character development, by

training him about as soon as he can toddle in the unambiguous meaning of No (rarely heard). The basic principles are presented in my bulletin related to this subject to be had by sending a self-addressed, stamped envelope to me at 235 East 45th street, New York, N.Y. Thousands of parents reading this bulletin have believed in the efficacy of this procedure, hundreds of whom have written to me with gratitude how well it has worked. It worked well with our own children and seems to be working well with our many young grandchildren—eleven of them at this date.

The lives of about 5,000 little children are snuffed out annually in the United States, most of them while playing in fires or running unrestrainedly into the street of their helpless parents—not to mention the many more children maimed, some left phys-

ical or mental cripples for a lifetime. Aren't these precious little children worth saving? The intelligent building of an invisible fence about them in addition to increased parental vigilance could certainly save most of them.

Mr. & Mrs. Richard Cole made the 30-day Camel test. They smoked only Camels for 30 days, visited a throat specialist each week. As with every smoker who made the test, the doctor found: *No throat irritation due to smoking Camels!*

THE ONE THOROUGH TEST OF A CIGARETTE!

You can't tell from one sniff or one puff how well a cigarette will agree with your throat. It takes steady smoking! Make the sensible 30-day Camel test: your "T-Zone" (T for Throat, T for Taste) will tell you all you want to know. You'll see why Camel is by far America's most popular cigarette!

Their Voices Are Their Fortunes

Can you identify these great American singers?

HIS MOVIES, HIS RECORDS, his concerts are sensational! Mario Lanza's great voice has carried him to the top and he plans to stay there! Mario smokes the cigarette that gets along with his throat—Camel! "Camels taste great and they're so mild!"

SWEETHEART OF THE OPERA... popular radio and TV guest, one of America's Best Dressed Women—that's Rise Stevens. Rise says, "Camels have a taste I never found in other cigarettes! And their mildness agrees with my throat. Every puff's a pleasure!"

YOUNG AND BEAUTIFUL... as enchanting with popular tunes as operatic arias, Patrice Munsel smokes America's most popular cigarette, Camel. "As an opera singer, I had to be sure my cigarette suited my throat. My 30-day Camel test gave me proof!"

ONE OF OPERA'S GREATS... a matinee idol—a movie star! Ezio Pinza says, "Cigarette mildness is important to me. Camels have a fine flavor and agree with my throat." Millions agree with Mr. Pinza—that's why Camel is America's favorite cigarette.

BIGGEST ENEMY OFFENSIVE IN KOREA BLASTED

porting airmen with beating off the human waves' of enemy attacks.

From the west-central sector, a Monday night field dispatch reported that the Chinese were giving up their Pukhan river bridgehead below Changong, 23 miles northeast of Seoul.

Chinese Retreating

On Monday afternoon, the message related, the Chinese were "fully retreating" with covering rear guard units putting up "stubborn" resistance to advancing American forces as "isolated" points southwest of Changong.

Farther east, other American tank-infantry units and South Korean troops rammed north and northwest to "within sight" of the Chongpyong reservoir. It was in the reservoir area that the Chinese had crossed the Pukhan in an effort to the Seoul's east flank.

West of the Pukhan valley, British troops smashed north and crossed the paved main highway running 45 miles northeast from Seoul to the central front pivot of Chuncheon, still held by the Chinese.

Assault Subsides

In the east-central sector, the Chinese assault subsided swiftly Monday under the corrosive impact of fearful losses including 37,750 casualties inflicted by the Second Division alone.

That division and associated units of the 10th Corps were credited with causing a record 47,000 Red casualties out of 32,700 Chinese and North Koreans killed or wounded along the whole front Sunday. That was a new one-day high mark for the Korean War.

United Nations forces pressed a northward comeback which chopped off five arms of the "second phase" spring offensive the Reds launched before dawn last Wednesday with vanguards of a 768,000-man army.

In the west, counter-striking ROK (Republic of Korea) troops knifed back into Munsan, 22 miles northwest of Seoul, and American

tank infantry teams re-entered Uijongbu, 11 miles north of the capital.

Neither met any enemy forces, indicating long Red retreats in both areas.

In Retreat Above Seoul

A Monday night front dispatch said Chinese and North Korean troops apparently were "in full retreat above Seoul" and fought against only one Allied probing thrust in the west sector during the day. That was northeast of the capital along the 45-mile Seoul to Inchon highway.

Tank-riding GIs northeast of Seoul reported back that they had "secured all objectives" for the day "despite a rain of enemy small arms and machine gun fire," the dispatch related.

To the east—in the west central sector—other American as well as British and ROK troops swung north toward a Chinese bridgehead across the strategic Pukhan river at Changong, 23 miles northeast of Seoul.

Even in that area, where the enemy has created a threat to outflank Seoul, the Communists offered only "moderate resistance" Monday, according to field dispatches and the latest Eighth Army communiqué.

Red Onslaughts Diminish

Fresh Chinese hordes, leapfrogging crushed enemy divisions, continued to attack in the east sector as they streamed through a new gap in South Korean lines east of Pungam. But even there the Red onslaughts diminished in fury through Monday as UN artillery, small arms and aerial fire mowed down wave after wave of the invaders.

The Eighth Army's Monday night bulletin said the gallant second division's American, French and Dutch troops repulsed six Red "probing attacks" through Sunday night, then experienced only "light" enemy action after sunrise.

In the east-central sector, part of which is held by the Second Division, the Communists lost 24,700 in dead and wounded on Sunday alone, it was announced Monday night by Lt. Gen. E. M. Almond, commander of the 10th Corps.

Largest Casualty List

Almond said this was the largest number of enemy casualties inflicted by an Allied corps during one day since the start of the Korean War nearly 11 months ago.

It comprised more than three-fourths of all the Red casualties along the whole Korean front Sunday—a record day of carnage.

The famous Second "Indian-head" Division, which fought its way out of a Chinese trap Saturday, was credited in the Eighth Army communiqué with killing or wounding an estimated 37,750 Reds Wednesday through Sunday. These were the first five days of the enemy's "second round" spring offensive which now appears to be collapsing.

C.A.P. Assists Plane Forced Down In County Sunday

Officers of the local squadron of the Civil Air Patrol, received a telephone call at the New Castle airport. Sunday afternoon from the Pittsburgh headquarters of the C.A.P., stating that a pilot had telephoned that he had been forced to make an emergency landing south of New Wilmington and needed assistance.

An observation plane was sent to the scene to locate the pilot in trouble, and a mechanical crew was dispatched. The plane was located on the Wagner farm, a mile southeast of New Wilmington. The observation plane circled the scene until the mechanical crew arrived and located the plane in distress.

After repairs were made, the plane was able to take off and fly to the local airport for additional repairs, after which he was able to continue his trip.

This is one of the primary peace-time functions of the Civil Air Patrol, and the local squadron carried out its assignment in a creditable manner.

The next meeting of the C.A.P. here will be on Tuesday evening at Deshon Annex, when first aid will be demonstrated under the supervision of the American Red Cross, starting at 7:30 o'clock.

Council Will Make Study Of Housing Move

Following a long session of city council today, during which proposed federal housing project was discussed.

Councilman Richard I. Davis presented a motion directing that Mayor John F. Haven appoint a committee to study the feasibility of a sound, low-rent project.

The motion was seconded by Councilman E. Gene Schweinsberg and was adopted unanimously.

Should Make Survey

Prior to the motion, the mayor said he was not ready to vote on federal housing, remarked it needed more study, and said in his opinion, a committee should make a housing survey before action is taken.

The federal housing project procedure was explained by PHA regional advisers Thursday afternoon in city hall to interested persons.

Those who spoke against proposed federal housing were:

James Foster, Attorney Ralph Cooper, Norman Clark, W. J. Caldwell, Blair Alverson, Joseph Green, Elmer O'Neill and Alfred Simpson.

Those who favored the project were:

Daniel W. Skelly, United Steel Workers; Lillian McHenry, NCAP; Peter Costello, auto workers, and Councilman Joseph F. Medure.

Both proponent and opponent voiced reasons why council should act favorably or unfavorably.

It is possible the mayor will soon name a survey committee which will make recommendations to council.

THE FAMILY SCRAPBOOK BY DR. ERNEST G. OSBORNE

Our Severest Critics

Yesterday one of my friends was telling me how she and the other children in the family used to offer "helpful" criticism to their preacher-father. Every Sunday, at dinner, they pointed out at least three places where he could have ended his sermon earlier.

Not long since, one of our daughters, reading a few of these SCRAPBOOK items I had just written, said, "Say, Pop, it would have been a good thing for us if you had been writing these when we were growing up. Maybe you'd have been a better father."

In many ways, as our youngsters grow older, they see us in another light. Instead of thinking of us as perfect, as they may have when they were younger, they get a different perspective. And it's probably a good thing, if not for us, for them. Through using us

as examples, they clarify their ideas of what it takes to be good human beings.

Naturally, we hope we can serve as positive examples. But it's no less valuable to them to build up their ideal picture partly through seeing where we have fallen down. And if they still appreciate us in spite of our weaknesses, they're learning that one doesn't have to be perfect to be a pretty good specimen.

'South Is The Place To Get Husband!'

ATLANTA, May 21.—(INS)—Go south, young lady, if you want a husband and a home.

The Department of Commerce announced today that there are nearly a million more unmarried males than females in Dixie.

A census report showed that in 1950 there were 4,198,000 single males 14 years old and over, but only 3,285,000 unmarried women in the same age group.

The same report, however, showed that while so many of the South's young men are foot-loose and fancy free, the married folk are becoming more "home conscious" as the years go by.

Last year 10,054,000 had their own households, again of more than 2,000,000 in 10 years.

Two Warships Of World's Newest Navy At Philadelphia

PHILADELPHIA, May 21—(INS)—Two warships of the world's youngest navy were docked at Philadelphia today where the officers and crewmen will be greeted officially by Mayor Bernard Samuels before proceeding to Baltimore and Washington.

The ships belong to the three-year-old Israeli navy. They are the Frigate Misgav and the Corvette Haganah, which berthed at the port yesterday for a three-day goodwill visit in connection with

the state of Israel's 500 million dollar bond issue.

The ships, made in Canada for convoy duty during the last war, were sold for scrap and refitted in Israel.

One of them, the Haganah, sank the Egyptian flagship in the battle of Gaza during the war in the Holy Land. Members of the crews hail from 33 different countries.

Two Warships Of World's Newest Navy At Philadelphia

PHILADELPHIA, May 21—(INS)—Two warships of the world's youngest navy were docked at Philadelphia today where the officers and crewmen will be greeted officially by Mayor Bernard Samuels before proceeding to Baltimore and Washington.

The ships belong to the three-year-old Israeli navy. They are the Frigate Misgav and the Corvette Haganah, which berthed at the port yesterday for a three-day goodwill visit in connection with

the state of Israel's 500 million dollar bond issue.

The ships, made in Canada for convoy duty during the last war, were sold for scrap and refitted in Israel.

One of them, the Haganah, sank the Egyptian flagship in the battle of Gaza during the war in the Holy Land. Members of the crews hail from 33 different countries.

Humane Society Completes First Year's Activity

Lawrence County Humane society is a going organization, summary of the first year's activity of the comparatively new society which has just closed its first year of operation.

Reports submitted for the past 12 months at the recent business meeting of the officers show that the year was a most successful one although at times interest was slow in the society's program. The attached financial and statistical report evidences the healthy condition of the organization.

The beginning was not easy, as the society started with sixteen members and sixteen dollars, and several months later, after the bills were paid, found they had approximately \$3.00 left in the treasury, which meant starting again from the beginning. The society feels justly proud of its first year's work, and is very anxious to build the animal shelter, which is the goal toward which it is striving. It is hoped that the second year will be even more successful than the first, so that this work can be started.

WILBUR SHAW, AMERICA'S MOST FAMOUS DRIVER, DRIVES NEW 1951 CHRYSLER—REPORTS TO YOU ON REVOLUTIONARY FIREPOWER ENGINE AND HYDRAGUIDE POWER STEERING

Shaw inspects FirePower, the greatest new engine in 27 years.

Here are Wilbur Shaw's reactions—in his own words—as taken down by a recording machine in the car:

"The '51 Chrysler has it! With this new engine and power steering, the first on any U.S. car, it's a whale of an automobile."

"I'm completely bowled over by the ease of steering!"

"This steering combined with the automatic transmission . . . is the nearest thing to an *automatic pilot* for a car I can possibly imagine."

"This engine . . . I can't get over the amount of power and snap in this engine . . . it's incredible!"

Smartly styled Chrysler convertible to pace Indianapolis 500-mile race.

"I drove 111 miles with the feeling I had expended no more effort than in driving around the block."

"When Mrs. Shaw drove, her comments just about squared with mine. Here's what she thinks of the 1951 Chrysler . . ."

Mrs. Shaw: "At first I could hardly believe the ease with which I could turn the wheel. That's important . . . especially in the summertime."

"Often after I have parked a car in the average parking space, I feel I should taxi home, shower and get dressed again. But with Hydraguide Power Steering I parked it with one hand. It practically drives itself."

Wilbur Shaw: "It's hard to describe this new Chrysler without going off the deep end . . . it has it in every department."

"In fact, I think so much of this car, I've selected it as Pace Car of the 1951 Indianapolis 500-mile race!" (Mr. Shaw's comments are reprinted through the courtesy of Popular Science Magazine.)

Three Fire Calls Here Over Week End

Three calls were answered by local firemen over the week end, the fires being of a minor nature, Fire Chief H. F. Steinbrink reports.

At 12:15 a. m. Sunday fourth ward firemen were called to the 1700 block on East Washington street where a dump truck had run over a gas line, which ignited. A passing motorist extinguished the

fire and the truck drove away, firemen were informed.

At 7:30 p. m. Sunday B truck company was called to the Erie railroad tracks near Shenango street, where a pile of ties was found afire.

Sixth ward firemen were called to McCreary avenue and Sampson street at 2:45 p. m. Saturday to extinguish a grass fire.

Red Casualties In Sunday's Action In Korea Total 32,700

TOKYO, May 21.—(INS)—Communist casualties in Sunday's action in Korea were estimated today at 32,700—a record day's total for this war.

A reliable source estimated

communist dead or wounded at 32,200 Sunday and another 500 were added to this toll in air strikes.

The Second division on the east-central front alone killed more than 9,000 red troops and wounded more than 10,000 during the day.

Headquarters officers said they believed the figures are "fairly accurate" because United Nations lines were stable Sunday and allied patrols were able to range along the battlefield and in many

cases actually count enemy dead. In order to get accurate estimates front-line infantry men and artillery observers have been placed under this injunction: "Don't list a casualty unless you can prove it."

Committee Favors Income Tax Boost Start On September 1

WASHINGTON, May 21.—(INS)

—The House Ways and Means Committee voted today to make the proposed two billion \$85 million dollar individual income tax boost effective September 1 and

the two billion \$80 million dollar corporation tax rise retroactive to last January 1.

Both tax increases are still subject to House and Senate approval.

Indications are the new tax bill may become law in August. The committee has so far tentatively approved tax proposals designed to bring in an addition six billion \$471 million dollars in revenue. It hopes to bring its bill to the House floor the week of June 4.

Interference In Iranian Affairs By U.S. Charged

TEHRAN, May 21.—(INS)—Iran today was reported ready to employ eight foreign oil experts immediately to explore for new oil fields after flatly rejecting British demands to arbitrate its decision for nationalization of the oil industry.

The new action came on the heels of a charge by a government official that the U. S. is interfering in Iranian affairs by backing the British.

Plan Announced

The plan to hire foreign experts was announced by the planning committee of the Majlis (the lower house of parliament). The nationality of the experts was not known but Tehran newspapers recalled that Soviet Ambassador Ivan Sadchikov had recently offered to supply Premier Mohammad Mosadegh with deep drilling equipment.

Hussein Makk, secretary of the oil nationalization board, scored the U. S. yesterday before the chamber of deputies. He said that although the U. S. claims to help and defend the freedom of smaller nations the state department has issued a statement "which does interfere in our affairs."

Refers To Statement

He was referring to the statement issued on Friday in which the state department urged negotiations to end dispute between Iran and Britain on the taking over of the British-dominated Anglo-Iranian oil company.

At the same time Makk warned that Iran is a powder keg and that "if the British set fire, it will flare up and we will go up with it."

May Queen Is Crowned At New Castle Hospital

May queen ceremonies at the New Castle Hospital School of Nursing were conducted Sunday afternoon in a most impressive manner, honoring Mary—the mother of the Redeemer of the world.

Taking place at 3 p.m., on the lawn of the New Castle hospital a living rosary was formed by members of the queen's court and student nurses of the hospital. Leading in the prayer, offered to the Mother of God, was the hospital chaplain, Rev. Fr. John O'Rourke.

Queen Is Crowned
Beautiful hymns of May were sung by the nurses and assembly as Father O'Rourke placed a wreath of flowers upon the head of the student nurse, Miss Geraldine Cialella, the May queen. She is the daughter of Mr. and Mrs. Carl Cialella, Sr., of Fairfield avenue.

"Bring Flowers of the Fairest," was the hymn sung as Miss Cialella placed a small wreath of flowers upon the statue of the Blessed Virgin Mary, in the name of the Sodalis of the School of Nursing. Thus, they designated her as the greatest of Queens and Queen of May.

Assisting the May queen were the following aides in her court: Carlin and Eileen Faella, seniors; Patricia Komar and Phyllis Russo, juniors; Esther Frish and Katherine Marcella, freshmen. Rosetta Rucci, a senior, was the cross bearer and leader of the procession. Little Marcia Durkowsky and Donald Micco were crown bearers, while little Kathy Gangliero was the train bearer. Uniformed students formed the procession.

Makes Address

Rev. Fr. Howard Ford, of St. Paul's Cathedral, Pittsburgh, and Newman club director was the afternoon speaker. He appealed to all Catholics to open their hearts to Mary—mother of God and mother of the Redeemer of the world. "Go to Mary with clean souls," he implored. "For Mary who witnessed the death of her son, has compassion and love in her heart, and the understanding of all the cares and troubles in the world today."

After the presentation of the floral rosary the students repeated the Act of Consecration.

"Holy God We Praise Thy Name," was sung by the assembly followed by the Recessional, "Pilgrim" Hymn."

An informal reception was held after the May crowning in the nurses' home. Dainty refreshments were served, buffet style on a prettily appointed table. A floral bouquet of roses and snapdragons centered the table. Members of the New Castle Hospital Auxiliary poured at the table.

FEELS HIS AGE
SEEKONK, Mass.—Celebrating his 95th birthday, Robert Woodward, a florist, complained: "It's got so I can't work more than three hours at a stretch without resting."

Indians Open Three-Game Series With Erie Sailors Here Tonight

Top Niagara Falls Twice Over Week End, 4-3, 14-2; Lavigne Hurt, Milnar Plays

The New Castle Indians snapped their seven-game losing streak over the weekend, defeating Niagara Falls twice, Saturday 4-3, and Sunday 14-2, but wound up with a serious casualty. Don Lavigne, the star center-fielder, breaking a bone in his ankle Saturday, sliding into third.

Two redeeming features of the twin-killing over the weekend, was the fact that the Indians got two very well pitched games from Paul Klafter and Ben Rossman, both going the distance.

Battle Erie Here Tonight

The weatherman willing, the Indians will be out for revenge tonight as they face the league leading Erie Sailors at Flaherty Field. It was the Tars that started them on their downfall on the recent trip, the Erie boys winning four straight.

Game time tonight is 8:30 o'clock. Game time for the Tuesday and Wednesday games will be 8 o'clock.

Milnar In Right Field

Manager Al Milner has assigned Bill Ciske to the pitching job for tonight's contest, with either Stan Zedalis or Lee Bickel going in the game Tuesday.

Milner entered the lineup at Niagara Falls Saturday for the first time this year and played right-field faultlessly, getting a double in three trips Saturday, and a double and single in four trips yesterday. The presence of Milner in the lineup has spurred the Indians.

Kowalski 400-Foot Homer

The veteran Walt Kowalski broke up the Saturday night game in the eighth inning with a tremendous 400-foot home run smash over the center-field wall, his second of the year. He had five hits in ten trip Saturday and Sunday. Chey Butler snapped out of his hitting slump at Niagara Falls over

Ben Rossman aided his own cause at bat yesterday, getting two doubles and a single. Rossman hurled no-hit ball for four innings after allowing a single to Ciccone in the first frame.

Lavigne returned to New Castle with the Indians wearing a cast on his leg. He will be out for at least a month, it was stated at the Niagara Falls hospital where he was rushed following his injury in

Robinson Disregards Warning, Helps Dodgers Top Reds Twice

By HOWARD SIGMAR
(I. N. S. Sports Writer)

NEW YORK, May 21.—National league pitchers and writers of anonymous threatening letters have something in common today. Neither can stop Jackie Robinson.

The Brooklyn Dodger second baseman, who pioneered his way to baseball prominence since his history-making debut in 1947 by playing good, solid ball, overcame an unexpected obstacle yesterday in the same manner.

Robinson's life was threatened in two anonymous letters. According to police, the letters said Robinson would be shot from the roof of a nearby building while the Dodgers engaged the Cincinnati Reds in a Crosley field doubleheader.

Drives In Four Runs

The FBI and Cincinnati police conducted an intensive search of the area both inside and outside the park while Robinson, who dismissed the threats as "just the work of some crank," went about his business of belting the ball for his league-leading team.

It was Robbie and the Dodgers who supplied the fireworks as they blasted the Reds, 10 to 3 and 14 to 4 to build their advantage in the senior circuit to a full game.

Robinson drove home four runs in the first game, three with a prodigious home run and he got a single in two trips in the nightcap to keep the league lead in batting with his .414 average. He played flawless ball in the field.

Leonard Wins Twice

Knuckleballer Emil "Dutch" Leonard of the Chicago Cubs is making like Jim Konstanty. The 41-year-old righthander won both games in relief as the second place Bruins scored come-from-behind to 4 and 3 to 5 and 4 wins over the Boston Braves.

The Philadelphia Phillies made a double explosion in Pittsburgh as they blasted their way out of last place. The defending champs humiliated the Pirates, 17 to 0 and 12 to 4.

The St. Louis Cardinals scored five times in the seventh inning to topple the New York Giants, 8 to 7. Wes Westrum hit a three-run homer for the Cards.

Lopat Wins Seventh

Ed Lopat the 32-year-old southpaw won his seventh straight game without a loss as the Yankees topped the St. Louis Browns, 7 to 3.

Eddie Robinson paced the second place Chicago White Sox to a 5 to 4 win over the Washington Senators.

The Detroit Tigers bested the Red Sox, 8 to 4, as Hal Newhouser won his fourth game.

The Cleveland Indians squeezed by the Philadelphia Athletics, 5 to 3, after the Athletics had taken the first game of a doubleheader, 2 to 1.

Tryouts Tuesday For Legion Team In New Wilmington

Tryouts for American Legion baseball team in New Wilmington will be held Tuesday evening at 6 o'clock at the New Wilmington High School.

Any boys, 18 or under, that live north of New Castle and want to play are urged to try out for the team. The team will be entered in the County Legion league.

Turner won the April 16 tilt with a unanimous decision.

Turner-Jack Fights Tonight

PHILADELPHIA, May 21—(INS)—Gill Turner, Philadelphia's promising welterweight, and former champion Beau Jack mix it again tonight in what is expected to be a carbon copy of their last furious battle which still has the town talking.

Turner won the April 16 tilt with a unanimous decision.

He played halfback for the Navy eleven, though he did not play last season, as he had used up his four-year eligibility in 1949, but was keeper of the goat, a distinguished honor at the academy.

He was also a star on the lacrosse team last season.

Bold Captures Preakness Race

Meets Count Turf
In Belmont Stakes

NEW YORK, May 21.—(INS)—

It was quite apparent today that winter book favorites just fade away and the three-year-old racing championship will be decided in the Belmont Stakes, June 16.

That race, last leg on the triple crown marathon will pit Count Turf, winner of the Kentucky Derby, and Bold, victor in the Preakness, against each other.

And where were these two colts

when Uncle Miltie, Battlefield, To Marker, Yildiz, Rough 'N Tumble, Battle Morn, Mameluke and Repertoire were getting all the pre-championship notices?

Count Turf vs. Bold

Count Turf, Jack Ameil's light-

ly-regarded Derby king, wasn't even eligible for the Preakness.

So dim were his chances for the Derby that the Count wasn't entered in the Preakness on time.

Brookmeade stable's Bold came through handsomely to win the Pimlico classic. With Eddie Arcaro in the saddle to become the first jockey to win the Preakness four times, Bold galloped home first by seven lengths ahead of Counterpoint.

Arcaro got his horse home in 1:56 2-5 in the mile and three-quarters race that carried a gross purse of \$110,080, richest in 75 runnings.

Now comes the Belmont Stakes.

It will be the Derby winner versus the Preakness winner. It's a tie match.

SCOTTS HOLD OFF
ELLWOOD EAGLES
TO WIN, 9 TO 8

Westminster college athletes, who last week wound up their most successful season in the recent history of the school, will be honored at 6 p.m. tonight at a banquet at Ferguson Hall.

Present at tonight's dinner will be members of nine athletics teams, four of which won district championships this year. More than 200 persons in all will be present, including college cheerleaders and guests. Bob Thorne, athletic director of Grove City College, will be the main speaker.

Westminster teams that won district recognition this year include the track and field team that Saturday outdistanced eight rivals for the Tri-State championship; the college golf team that last week took the Allegheny College Invitational golf tournament for the second consecutive year; the cross country team that won the district title last fall, and the Titan basketball team that won the mythical district title and went on to participate in the NAIB tournament at Kansas City.

SCOTTS WIN
OPENING MATCH

By THOMAS C. WATSON
(I.N.S. Sports Writer)

PORTHCAWL, South Wales, May 21—Big Bill Campbell of Huntington, W. Va., set the pattern today for the heavily Americanized British amateur golf tournament by routing his first-round opponent.

Campbell — shooting steady, methodical golf over a gale-swept Portcawl course — easily disposed of his little known British opponent, H. F. P. Rabagliati, 7 and 6.

The gale added an estimated three strokes to the par-72 course, which is studded with cavernous traps and wild patches of heather and gorse. But it was not expected to deter the triumphal march of 29 U. S. players through the field of 186 golfers.

Frank Stranahan, the defending champion, and Comedian Bob Hope were cast in feature roles.

JERRY CAPTURES
SEVENTH PLACE

Verona Eagles captured the team championship trophy in the 50-kilometer walk (31 miles, 125 yards and two inches) at Cincinnati yesterday. The first to finish was Bill Mihalo of Detroit, who participated for a Detroit team.

The members of the Verona Eagles team was composed of John Deni, Pittsburgh, who finished second; James Sidon of Duquesne, who finished third, and Frank Jerry of New Castle, who finished seventh.

The race started at Chilo and ended at Coney Island Park, Cincinnati.

The walk was a tryout for the 1952 Olympic team and all Olympic walkers of last year were in the race.

Canadian walk officials witnessed the event.
